Major Program **Natural Resources Management and Engineering**

**Briefly describe how Information Literacy will be taught within your major program. List courses in which these skills will be embedded.**

To achieve the Advanced Level NRME students will learn information technology through the following courses: NRME 100, 217,232,235,239W,246,247,260,280, and 295.  
In each of these courses students will have to research the literature available on each subject. Students will be encouraged to use library along with internet resources.

**Are all these courses required of your students? If not, how will you assure that all students attain the exit expectations for Information Literacy.**

Three courses are required: NRME 100, 239W, and 295.
