Major Program Philosophy_____

Briefly describe how Information Literacy will be taught within your major program. List courses in which these skills will be embedded.

Our History of Philosophy sequence. PHIL 221-222 is required of majors and provides instruction on both traditional and contemporary sources of information (e.g. how to access original sources and how to use electronic versions of resources like the Philosopher's Index), as well as guidance on how to evaluate the reliability of sources.

Are all these courses required of your students? If not, how will you assure that all students attain the exit expectations for Information Literacy.

Both PHIL 221 & 222 are required of majors.
