

Department: Mathematics

Course No: MATH 195Q

Title: Introduction to College Algebra and Mathematical Modeling

Credits: 3

Contact: Sarah Glaz

WQ: Q

Catalog Copy: 195Q. Special Topics Lecture. Either semester. Credits, prerequisites, and hours as determined by the Senate Curricula and Courses Committee. Recommended preparation: MATH 101 or equivalent. May be repeated for credit with a change in topic.

Q Criteria : This course is designed to provide an effective preparation for science courses for students whose high school algebra background is not very strong. It will integrate a review of high school algebra with college algebra and mathematical modeling material, and as such it will teach, and reinforce the algebra and mathematical modeling background and basic skills necessary for success in all beginning 100 level Q courses offered at UConn .

Role of Grad Students: N/A
